DIRECTOR'S MESSAGE

On behalf of Gazprom Armenia Closed Joint Stock Company, I am pleased to welcome all beneficiaries of the Educational-Sport Complex. Initiated in 2015 and officially launched in 2019, this unique initiative aims to create and foster a supportive educational and sports environment for our students and visitors. It is no coincidence that, in a short period, the collaboration of our professional management team and skilled, innovative educators has transformed this unique institution into one of the leading educational establishments in the region. The extensive efforts undertaken thus far instill confidence that our students not only receive a high-quality education but also have the opportunity to realize their potential, ensure personal growth, and achieve harmonious development. We strive to continually enhance the role of education. Furthermore, the mission of the teachers in our community is to protect students' right to education and their freedom to be creative. Valuing the crucial role of the Educational-Sport Complex in the field of education, we consistently support and promote all initiatives undertaken by the Educational-Sports Complex as part of the closed joint-stock company Gazprom Armenia. I confidently assert that our Educational-Sport Complex will significantly contribute to the development of a competitive and well-rounded generation, establishing itself as a leader in its field.

ASHOT HAKOBYAN

Chairman of the Management Committee-General Director of CJSC "Gazprom Armenia"

ALEKSANDR GRIGORYAN

*Director of the "Gazprom Armenia" CJSC
"Educational-Sport Complex"*

The Educational and Sports Complex of Gazprom Armenia CJSC provides all the necessary conditions to support students' comprehensive development, integrating knowledge, creativity, and a healthy lifestyle.

I am proud to emphasize that our Educational Complex consistently holds a leading position among the top general education institutions and maintains a high rating. Our students excel in academic, sports, and arts competitions, reinforcing the achievements and reputation of the complex. Our graduates represent the Educational Complex with distinction as they continue their studies at prestigious institutions both in Armenia and abroad. We are confident that through joint efforts, it is possible to fulfill every student's dream: to create an environment where students become hardworking, creative, and competitive individuals. Our goal is to discover and develop their intellectual, physical, and creative potential, making the Educational Complex not only a place of study but also a significant life experience.

PROFESSIONAL TRAINING PROGRAMS FOR THE 2024–2025 ACADEMIC YEAR

During the 2024–2025 academic year, several professional training sessions were conducted at the Gazprom Armenia CJSC "Educational and Sports Complex" institution, aimed at continuously enhancing the knowledge and skills of the teaching staff. The goal of these trainings was to promote the use of modern educational technologies, methods, and innovative approaches in the educational process, thereby ensuring an improvement in the quality of education and the professional development of the teaching staff.

The following training sessions were conducted during the year:

✓ **Developing the ability to use electronic whiteboards (Smart Boards)**

The training was conducted by Aram Matevosyan.

✓ **Introduction to the World of Online Educational Tools**

The goal of the training was to provide a comprehensive understanding of the capabilities of online educational tools and to develop skills for their effective use. Participants were introduced to platforms for creating interactive quizzes and games, video learning tools, and resources for preparing educational materials and presentations. Additionally, tools for collecting and analyzing student feedback, tracking progress, and adjusting the learning process were presented. During the training, participants applied their newly acquired knowledge and skills by creating real projects. The training was conducted by Maria Lisitsyna.

✓ **Art Presentation Tools (PowerPoint)**

The PowerPoint tools and supporting websites were discussed, highlighting their contribution to creating high-quality, distinctive slides and developing video editing and processing skills.

The training was conducted by Mane Babajanyan.

✓ **Innovative Approaches to Enhancing Teaching Effectiveness**

Modern methods, approaches, and techniques were presented to enhance learner motivation and improve the effective organization of classes. The training was conducted by Ani Baghdasaryan.

PROFESSIONAL TRAINING PROGRAMS FOR THE 2024–2025 ACADEMIC YEAR

✓ **How to Implement an Educational Project**

The participants became familiar with the methodology of project-based learning and developed solid concepts and skills in designing and implementing educational projects.

The training was conducted by Heghine Khachatryan, Acting Dean of the Faculty of Primary Education, Candidate of Pedagogical Sciences, and Associate Professor.

✓ **Enhancing the Educational Motivation of Elementary School Students**

The training introduced modern methods of motivation and assessment aligned with the latest educational standards. It was conducted by Nina Movsisyan.

✓ **Art Technology as a Tool for Helping Elementary School Students Adapt to School**

The training covered the role of art technology in the social and psychological adaptation of junior schoolchildren. It was conducted by Anzhela Sargsyan.

✓ **School Bullying**

The participants were informed about the manifestations of bullying, its possible causes, and strategies for prevention.

The training sessions were conducted by Angela Sargsyan and Nina Movsisyan.

✓ **Panel Discussion on the Topic: Motivation**

Modern approaches to enhancing student motivation and effective strategies for their implementation were discussed. The discussion took place in an engaging format, featuring a parent, a homeroom teacher, a teacher's assistant, a psychologist, a student, and a student from Yerevan State University. Among the audience were representatives of our staff and students from the Pedagogical University.

The panel discussion was moderated by Ani Baghdasaryan and Anahit Manukyan.

PROFESSIONAL TRAINING PROGRAMS FOR THE 2024–2025 ACADEMIC YEAR

✓ **Ways to Overcome Aggressive Behavior in Younger School-Age Children**

During the training, the psychological characteristics of younger school-age children were examined, along with an analysis of aggressive behavior and tools designed to identify its causes. Participants were introduced to effective methods for correcting and overcoming aggressive behavior. Additionally, the role of healthy parent-child relationships as a crucial factor in managing aggression was discussed. The training was conducted by Ani Khudoyan.

✓ **Effective mechanisms for developing the student's cognitive abilities, including attention, memory, thinking, and imagination.**

During the training, the development of students' cognitive abilities was examined, focusing on attention, memory, thinking, and imagination. The sessions also addressed strategies for working with students experiencing hyperactivity and attention deficit, as well as the psychological characteristics of children at various developmental stages. The training was conducted by Tatev Asatryan, Susanna Grigoryan, Mane Babajanyan, and Ani Sargsyan.

✓ **TKT (Teaching Knowledge Test)**

The teachers of the English Department participated in the Cambridge teacher training and successfully passed the Module 1 test (Language Teaching). The training sessions were conducted by Spartak Mkhitarian and Mariam Khachatryan.

SUMMER SCHOOL

SUMMER SCHOOL

The Gazprom Armenia CJSC Educational and Sports Complex is organizing a four-week “Summer Educational Gathering 2025” program, scheduled from June 2 to June 27. This program is designed for children aged 7 to 10 years.

The Summer Educational Gathering 2025 program includes four topics, each explored over the course of one week.

✓ Week 1: Toy Workshop

During the first week, the children visited the “Toy Workshop” and participated in intellectual quests and the “GAUS” Olympic games. They also toured the “Mankan” toy factory and took part in creating factory toys.

✓ Week 2: Time Machine

During the second week, through the campers explored humanity's journey through time and space, discovered inventions that changed the course of history, conducted engaging experiments in the laboratory, and created smart devices.

They also visited the “Little Einstein” Science Museum.

✓ Week 3: Wonders of Nature

During the third week, environmental groups discussed nature conservation issues, explored the wonders of the natural world, cared for domestic animals, and then continued their studies at the zoo.

✓ Week 4: Film, film, film!

During the fourth week, campers explored the history of cinema, theater, and animation. They created and staged shadow, puppet, and theatrical performances, and filmed a short movie, transporting them to an imaginative world. A live exhibition of paintings by Vincent van Gogh and Gustav Klimt, which the campers visited, became a fresh source of inspiration, leading them to create new “masterpieces” of art.

SUMMER SCHOOL

✓ Organization of the Daily Routine

The daily routine of the summer school was conducted in a trilingual format: Armenian, Russian, and English. Students were provided with three meals a day. On the last day of each week, the camp activities took place outdoors, promoting a healthy lifestyle and fostering a communicative environment. Additionally, visits to museums were organized as part of the program, offering students the opportunity to expand their knowledge and enrich their cultural experience. The day began at 9:00 AM and ended at 5:30 PM.

✓ Cultural and Creative Activities

The camp routine was filled with library readings and discussions. Pottery, painting, cooking, and dance provided students with opportunities to explore the world from new perspectives, develop their creative skills, and enhance their aesthetic appreciation.

✓ Intellectual Development

Chess and Lego robotics classes contributed to the development of analytical and logical thinking. Students learned to predict and evaluate the consequences of each move, applying the knowledge they gained in practice.

✓ Sports Activities

Занятия футболом, баскетболом и плаванием способствовали физической подготовке учащихся, формированию здорового образа жизни и развитию навыков командной работы.

SUMMER SCHOOL

✓ Summary

The overall summary of the program was presented at an expo exhibition, showcasing the educational and creative achievements of the students. Each week was summarized through the camp's weekly feature, "What Did You Learn?", which ensured transparent communication and active student engagement.

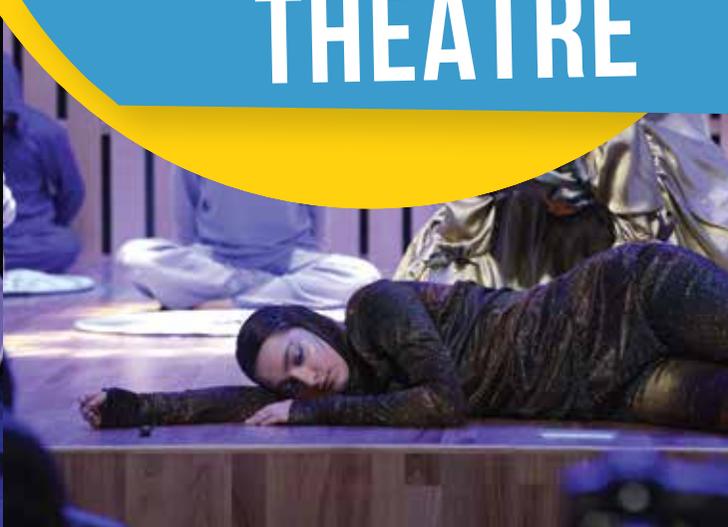

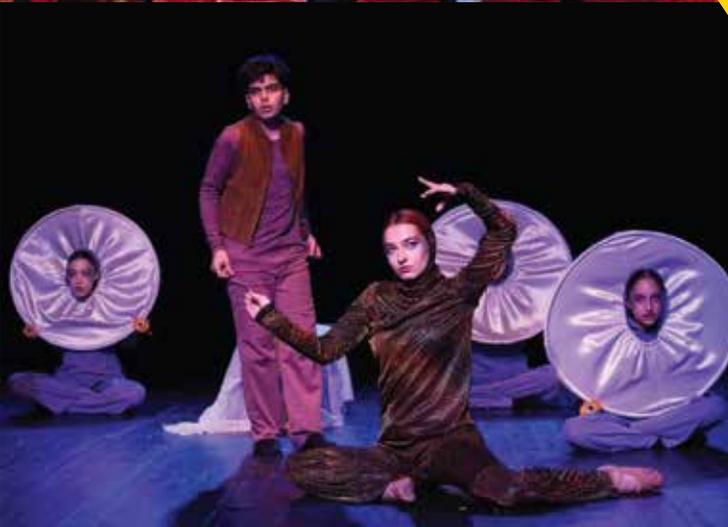

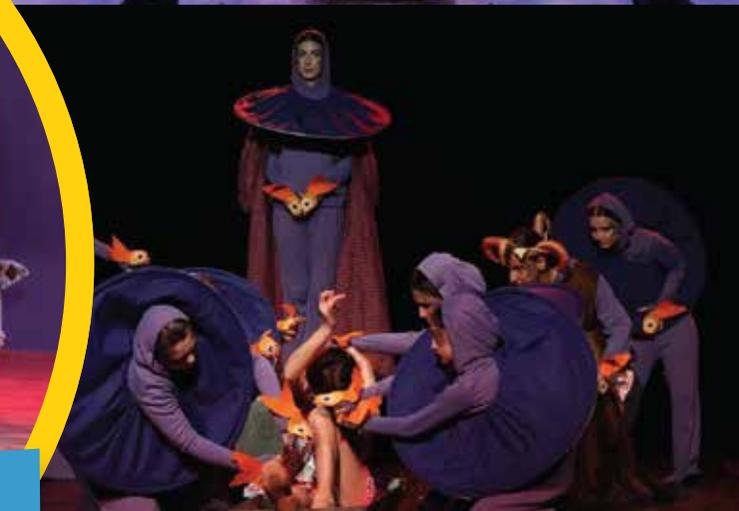

✓ Conclusion

The summer school successfully achieved its primary objectives by fostering the comprehensive development of students. The program integrated educational, creative, and athletic components, which contributed to the enhancement of students' intellectual, aesthetic, and physical potential.

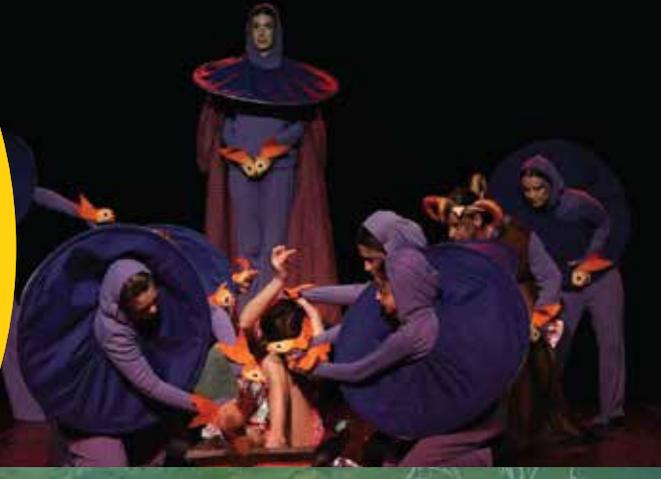

The children's day started at 9:00 AM and ended at 5:30 PM.

The standard dietary practice consists of three meals per day: breakfast, lunch, and an additional snack.
